We are made of stories

Looking for a gift?

In the quiet rhythm of uncelebrated days, there exists a subtle magic. These days hold the power to turn ordinary days into extraordinary memories.

Whether to lift a friend's spirits, offer congratulations, or celebrate a unique bond, Trollbeads speak a language of heartfelt connection.

Be original

Trollbeads is not just a jewellery brand
– it is a unique lifestyle.

Trollbeads started life in 1976 in a small jeweller's store in Copenhagen, Denmark, and is the original beads-on-bracelet brand. Our designers use the highest quality materials like sterling silver, 18k gold and artisan Murano glass..

High-octane imagination

More than 60 designers have contributed to the Trollbeads collection using superior quality materials. They never run out of ideas and they are always working on the next big thing. Trollbeads is a part of the Danish Design legacy, and you encounter our Danish roots everywhere: Magic, creativity, mythology, the wonders of nature and impeccable style.

Nature's wonders

Precious gemstones, born under the immense pressure since the dawn of time, are the earth's magnificent creations. Dug out from the depths of the earth, these raw rocks are transformed into exquisite jewelry, showcasing timeless beauty. Unlike other jewels that require cutting and polishing, pearls, with their inner beauty untouched, are unique. They are the embodiment of moonlight captured in the tears of mermaids.
